MOTION TO PARTICIPATE IN THE CONFIRMATION HEARING

NOW COMES creditor, FRENCHIE WILLIAMSON (hereinafter "Williamson"), by and through himself, and files this, his Motion to Participate in the Confirmation Hearing in the above-referenced case as a witness and to cross-examine other witnesses as appropriate. In support of his Motion Williamson would respectfully show unto this Court as follows:

- 1. That Williamson retired from the City of Detroit, Emergency Medical Service and is currently receiving a pension.
- 2. That Williamson objected to City of Detroit's Plan of Adjustment.
- 3. That Williamson received notification that under Alternative A, which was passed of the majority of city employees, that his total estimated amount of annuity savings plan recoupment would be \$25,901.13. Moreover, the document indicates that the monthly recoupment would be \$180.23 for the life of the annuity (see exhibit 1).

- 4. That assuming the above facts to be true, Williamson would like to testify and cross examine creditor in several areas:
 - a. That monthly recoupment is not appropriate. RSCD/Annuity interest rates from 6/30/2004 to 6/30/2013 was 6.877% (see exhibit 2). The City proposed a Clawback rate of 5.24% versus a 1.023% (which is the difference between the guaranteed ASF interest rate of 7.90% and what the fund actual made of 6.877%). Thus 4% higher than appropriate thus, Williamson seek clarity from city witnesses on their calculations.
 - b. That in reference to (a) above, the monthly recoupment is for the life of the annuity; thus, need to clarify with city witnesses on the legal appropriateness of recouping more than the alleged overpayment. Specifically, I am 55 years with a life expectancy of 83; thus I will be forced to pay the recoupment amount of \$180.23 for 336 months which equals \$60,557.28 with no option to paid the \$25,901.33 in full today or pay off early without incurring \$34,655.95 unconscionable penalty. Thus, I need to seek clarity for city witnesses on the legality of that requirement without an individual contract with Williamson and the over-estimation of the Clawback terms. As this Court knows, unconscionability means that a term in a contract or something inherent in or about the agreement was so shockingly unfair that the contract simply cannot be allowed to stand as is. The idea here again is to ensure fairness, Williamson questions will center around:
 - i. whether one side has grossly unequal bargaining power
 - ii. whether one side had difficulty understanding the terms of the agreement (due to the fact in this case no contract existed), or

iii. whether the terms themselves were unfair since this was never individually

negotiated.

5. That Williamson has not been afforded all documents pertaining to this bankruptcy as a

creditor to ascertain whether his questions would be duplicative to this Court and thus should

be afforded the opportunity to testify and cross examine the debtor.

6. That my testimony will take 5 minutes and the cross examination of city witness who can

speak to the POA Clawback and terms of recoupment should take no more than 15 minutes,

which is short in duration given the length of the bankruptcy itself.

WHEREFORE, Williamson request pursuant to his original confirmation objection, that

this Court allow me to testify and cross examine creditor at the confirmation hearing.

Respectfully Submitted,

RENCHIE WILLIAMSON
